SYSTEMONE

DESIGN NILO GIOACCHINI

Il System-One è un concetto di sanitari in ceramica che propone una nuova logica distributiva degli spazi e delle funzioni nel bagno. La sintesi di forma e del volume determinano una geometria elementare con numerose varianti di tipologia e funzione.

System-One è flessibile e disponibile alle più svariate condizioni architettoniche, recupera lo spazio inutilizzato o si distende in composizioni più ampie, sempre e comunque disponibile in tutti i life style contemporanei e nella più ampia proposta di nuovi modelli comportamentali.

System-One is a ceramic sanitary-ware concept suggesting a new layout logic for bathroom space and functions.

The combination of shape and volume creates an elementary geometry in a variety of type and function options.

System-One is flexible and adaptable to a multitude of architectural conditions, to make the most of unused space or to expand in wider compositions, in order to suit any modern lifestyle and the whole palette of behavioural models.
